

CABLE TERMINATION

Butt connectors

Pre-insulated in-line crimp connectors

Join two conductors in line with a tin-plated brass barrel and vinyl insulation. A wire stop makes sure each conductor sits in the right position before you crimp.

Wire stop

Positions each conductor correctly for a reliable joint.

Tin-plated brass

Good conductivity, with a flared barrel for easy wire entry.

Rated to 600V

Operating temperature -10°C to +75°C.

Red, blue and yellow

Easy crimping

RoHS and REACH compliant

Range

EW code	Colour	Wire range	Length
101488	● Red	0.5 - 1.5mm ²	24.5mm
101489	● Blue	1.5 - 2.5mm ²	24.5mm
101490	● Yellow	4.0 - 6.0mm ²	27.0mm
