

CABLE MANAGEMENT

Cable ties and bases

Base Electrics nylon cable ties, with stick-on bases to match

Tough, one-piece nylon 6.6 cable ties with high tensile strength and low insertion force, for electrical installations, panel building and site work. Self-adhesive bases give a fixing point anywhere, with a screw hole for heavier bundles.

UL approved nylon 6.6

Flexible and strong, rated UL 94 V-2, halogen free.

Works in the cold

Operating temperature -40°C to +85°C.

Adhesive bases

Double-coated foam tape, plus a screw hole for heavy support.

Black or natural

22kg minimum tensile

RoHS and REACH compliant

Cable ties

EW code	Colour	Width x length	Max. bundle	Min. tensile
105900	○ Black	4.8 × 200mm	52mm	22kg
106263	○ Black	4.8 × 300mm	83mm	22kg
105923	○ Black	4.8 × 370mm	105mm	22kg
105915	● Natural	4.8 × 300mm	83mm	22kg

Adhesive bases

EW code	Colour	Base size	Height	Max. tie width	Screw hole
101907	○ Black	19.5 × 19.5mm	3.9mm	4.8mm	5.2mm
101909	○ Black	26.1 × 26.1mm	6.0mm	8.0mm	4.3mm
101910	● Natural	26.1 × 26.1mm	6.0mm	8.0mm	4.3mm

We also stock Base Electrics cable ties from 2.5mm to 9mm wide, in colours, fluorescent, releasable and stainless steel. Ask your branch.

Order by 1pm for next-day UK delivery, or collect from Bristol or London. Quotes back within an hour. Trade only.
