

ROPE LIGHT · SUPER BRIGHT LED · SMD2835 SERIES

SiteFlex 110V AC

1200 lm/m

Plug & play

IP65

-20°C to +45°C

Super bright, whatever the weather

Rated to operate from -20°C to +45°C, indoors or out, with an IP65 PVC enclosure. Need it in a hurry? Same or next day nationwide delivery, or instant collection.

Temporary lighting made simple

- 50m of 110V LED strip, ready to connect directly to the supply
- Quick and easy plug-and-play install
- Parallel wiring: if one LED goes out, the rest stay lit so work can continue
- Rough, robust enclosure built for tough site conditions
- Packed on a portable reel drum for easy handling and storage

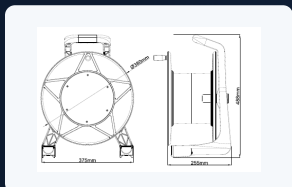

**INDOOR / OUTDOOR
IP65**

**ROUGH & ROBUST

Technical datasheet

Article no.	Rope Light 180
Voltage	AC110V ~ 50Hz/60Hz
Length	50 metres
Wattage	12W/metre
Luminous flux	1200 lm/metre
Colour temperature	3000K / 4000K / 6000K
CRI	Ra80+
LED type, quantity	SMD2835, 180 LED/metre
Beam angle	120°
IP class	IP65 (indoor/outdoor)
Protection class	Class II
Housing material	PVC
Power factor	>0.95
Wire gauge	20 AWG
Operating temperature	-20°C to +45°C
